"Thank you, guys. One of the busiest nights in a long time! Above all else, you guys sounded more like Def Leppard than Def Leppard. Great night!"

- Peter K., Louie G's (Owner)

"I have seen many, many tribute bands and some just get up on stage and you see one band member put on one memorable outfit that states that they are that tribute band and the other members just show up in their street clothes, or there are too many members in the band (which I hate) it just takes away from the "Tribute band" effect. Hysteria is one that encompasses the entire Def Leppard experience with content, the perfect content."

-Joe B. (Promoter/Graphic artist)

"This band is the closest thing to the real thing, the first concert I went to when I was 15 years old was d Def Leppard Hysteria tour, it's fun to be transported back in time even if it's only for a few hours!!"

-Teri H., Fan

"Fantastic show guys! Not only do you sound great but you look like you're having fun while putting on an impressive gig! Very reminiscent of the concert I saw in 1988, right down to the correct t-shirt, belt, sweat band and scarf on "Joe" & "Steve!" Looking forward to seeing you again!"

-Stephan A., Fan

"There is simply no other Def Leppard tribute bands who possess the Full Package: Authentic Look, Sound and Stage Presence of the iconic group from the 80's. A real treat for those who still want to feel like they just attended a real DL concert!"

-Karen K., Fan

"Amazing, talented group of musicians that can make you feel that you are at the largest venue and listening to the real thing!!"

-Mychal P., Fan

"As a child of the 80's, the bands that actually sing and harmonize together with brilliant stage performance dominated my generation. Hysteria exemplifies those bands and the great music! Their energy, professionalism, and appreciation of their audience makes every one of their shows a fantastic experience!"

-Josh M., Fan
